

Let Ben Franklin's Job Link Program Become Your Talent Scout!

Ben Franklin's Job Link Program **AIMS** to create a talent pipeline that connects students, graduates and alumni to area technology and manufacturing companies. Our goals are to:

1. **ASSIST** all students from freshman to graduate level in identifying internships and other job opportunities that can be the first step to a rewarding career.
2. **IDENTIFY** projects, internships, and other possibilities within the BFTP portfolio and other regional emerging technology and manufacturing companies.
3. **MENTOR** alumni and other regional job seekers who are looking to make an exciting career shift.
4. **SERVE** as a liaison between companies, educational partners, and job seekers.

Are You a Job Seeker or Student Looking for an Internship?

Let us help you find work in an industry that is relevant to your field of study. Plan your career path while helping to advance the competitiveness of local technology companies.

Are You a Company With an Open Position or in Need of an Intern?

Our Talent Scout can link you with local students, graduates, and job seekers to help fill your open positions.

For more information about the Job Link Program, or to pass along a resume or job posting, contact our Talent Scout, Mary Kay Williams.
Email: MKW5034@psu.edu or call 814.360.9337.
